

## PRESS RELEASE

Paris, December 22, 2025

### **SD Services joins the automotive logistics division of Groupe Charles André (GCA).**

**GCA has today finalised the acquisition of the SD Services group, marking a strategic step in the diversification of its activities towards the design, manufacture and fitting out of commercial vehicles.**

With over 35 years of expertise, **SD Services** specialises in the design, manufacture and installation of customised commercial vehicle conversion solutions for professionals. The company has a national network of 18 branches covering the whole of France and an industrial site established in Gevrey-Chambertin (Côte d'Or, France) since 2012. It has 400 employees and is ISO 9001 certified, a UTAC-qualified operator and crash-test certified. **SD Services** is also committed to a certified CSR approach, favouring materials from sustainably managed forests (PEFC) and 100% recyclable and innovative solutions to reduce its environmental impact while guaranteeing quality and safety.

Founded in 1932, **GCA** has been a specialist in transport and logistics in Europe for over 90 years. A family-owned and independent company, **GCA** operates across the entire logistics chain in sectors such as aeronautics, food, automotive, construction and minerals, chemicals, defence, energy, the environment, rail and urban logistics. Its automotive logistics division has triple certification to ISO 9001, 14001 and 45001.

**GCA** has a turnover of €1.8 billion and employs 10,500 people in 15 countries.

Together, **GCA** and **SD Services** exemplify a strategy of complementarity and diversification, driven by requirements for safety, quality and environmental responsibility.

*Michel STAMENOFF, Chairman of **SD Services**:*

*"It is with confidence and pride that SD Services joins the Charles André Group.*

*This decision will enable GCA to expand and consolidate its offering and SD Services to accelerate its development."*

*Delphine André, Chairman and Chief Executive Officer of **GCA**:*

*"I am proud that the management team at SD Services has chosen to partner with GCA to continue developing their business. With this acquisition, GCA is expanding its range of logistics and industrial services with the ongoing goal of providing an ever more comprehensive service to its customers. SD Services will be able to leverage GCA's network and customer portfolio to grow its revenue and rely on its expertise in logistics to optimise the solutions it offers. This acquisition is in line with the Group's automotive logistics division."*
